Computer Science undergraduate at Binus University (Database Technology) with a Software Engineering background from SMK Telkom Jakarta, currently working as a Full Stack Developer Intern. Experienced in building responsive, interactive interfaces with HTML, CSS, JavaScript, TypeScript, React.js, Tailwind CSS, and Bootstrap, backed by Laravel, Go (Gin), and MySQL on the back-end. Strong attention to UI implementation, clean code structure, and scalable database design, with additional experience in UI/UX design and prototyping using Figma.

WORK EXPERIENCE

PT Indonesia Satu Tujuh (INA17) | Go (Gin), Laravel, MySQL, React.js, REST API, Git

Feb 2026 – Present

Full Stack Developer Intern | Jakarta, Indonesia

- Developed and optimized back-end services and RESTful APIs using Go (Gin) and Laravel.
- Designed scalable MySQL relational database schemas to improve internal system workflows.
- Implemented dynamic multi-language localization and enhanced internal CMS modules.
- Strengthened API security through token expiration and 401 handling; collaborated using Git/GitLab and Agile tracking.

Dunamis Indonesia | Adobe Premiere, After Effects, Figma

Jan 2025 – Dec 2025

Video Editor Intern | Jakarta, Indonesia

- Edited corporate training and internal communication videos; created motion graphics and visual assets.
- Managed project timelines and asset organization while keeping output consistent with brand guidelines.

PROJECTS

EcoCraft – Recycled Craft Marketplace | Laravel 12, MySQL, Blade, Bootstrap 5

Sep 2026

Full Stack Developer | github.com/Shandyshulton/WebECommerce-EcoCraft

- Built a multi-role marketplace (customer, seller, admin, courier) with separate Laravel auth guards, per-seller cart, checkout, Virtual Account/QRIS payment, and shipment tracking.
- Implemented a circular-coin wallet, warranty claims, and automatic environmental impact certificates; covered by 96 PHPUnit tests (391 assertions).

JoyStickMania – PlayStation Booking & Rental | Laravel, React, TypeScript, Tailwind CSS, MySQL

Sep 2026

Full Stack Developer | <https://joystickmania.shandyshultonshihab.my.id/>

- Built a booking platform with admin/member authentication, hourly room reservations, and PS3/PS4/PS5 unit rentals with real-time slot locking and manual WhatsApp payments.
- Developed a tiered membership system with email reminders and auto-downgrade, plus an admin CMS with audit logging.

IMOCA Company Profile Website | React.js, Tailwind CSS, Golang, MySQL

May 2026

Full Stack Developer

- Developed a responsive company profile website with a modern UI using React.js and Tailwind CSS.
- Delivered dynamic content through a Golang REST API with MySQL-backed data management.

Petly – Pet Care E-Commerce Website | HTML, CSS, JavaScript, Tailwind CSS, Laravel, MySQL

Dec 2025

Front-End Developer | github.com/Shandyshulton/petly

- Built responsive user interfaces for product listing, cart, and checkout pages using Tailwind CSS.
- Integrated front-end views with Laravel back-end for dynamic data rendering.

EasySaving – Savings Tracker | React.js, Vite, Tailwind CSS, JavaScript

Oct 2025

Full Stack Developer | <https://easysaving.asia/>

- Built a savings tracker with a dashboard for total savings and goal progress, plus goal management with achievement status.
- Implemented a readable income and expense history with a responsive UI using reusable components.

Personal Portfolio Website | React.js, Vite, Tailwind CSS

Oct 2025

Front-End Developer | <https://shandy-shulton-shihab.vercel.app/>

- Developed a responsive personal portfolio to showcase projects, skills, and contact information.
- Built the UI using reusable React components with modern design and smooth animations.

EDUCATION

Bina Nusantara University (BINUS)

Aug 2023 – Aug 2027 (Expected)

Computer Science – Database Technology

SMK Telkom Jakarta

Jul 2020 – Jun 2023

Software Engineering

ORGANIZATIONAL EXPERIENCE
